

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: John Fudacz
DOCKET NO.: 06-29224.001-R-1
PARCEL NO.: 17-21-211-295-0000

The parties of record before the Property Tax Appeal Board are John Fudacz, the appellant, and the Cook County Board of Review.

The subject property consists of a 12-year-old, three-story, single-family dwelling of masonry construction containing 1,243 square feet of living area. Features of the residence include one and one-half bathrooms, air-conditioning, a fireplace and a two-car attached garage. The subject is built on slab and located in South Chicago Township, Cook County.

The appellant submitted evidence before the Property Tax Appeal Board claiming the subject's market value is not accurately reflected in its assessment. The appellant's evidence disclosed that the subject was purchased in October 2006 for a price of \$375,000; was sold by Realtor, advertised for sale, the sale was not a transfer between family or related corporations and the seller's mortgage was not assumed. In support of this argument, the appellant provided a copy of the subject's settlement statement. Based upon this information, the appellant requested an assessment reflective of a fair market value for the subject of \$375,000.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$40,722 was disclosed. The assessment reflects a total market value of \$402,391 for the subject, when the 2006 Illinois Department of Revenue's three-year median level of assessments of 10.12% for Class 2 property, such as the subject, is applied. In support of the assessment, the board submitted property characteristic printouts and descriptive data on four properties suggested as

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 9,610
IMPR.: \$ 28,340
TOTAL: \$ 37,950

Subject only to the State multiplier as applicable.

comparable to the subject. The suggested comparables are improved with three-story, 13-year-old, 1,243 square foot, single-family dwellings of masonry construction located on the same street and block as the subject. The comparables contain two full bathrooms, air-conditioning, a fireplace and a two-car attached garage. The improvement assessments range from \$25.87 to \$26.68 per square foot of living area. The board's evidence disclosed that the subject was purchased in October 2006 for a price of \$375,000. Based on the evidence presented, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist, 2002); Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179 (2nd Dist. 2000). Proof of market value may consist of an appraisal, a recent arms-length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. (86 Ill.Adm.Code §1910.65(c)) Having considered the evidence, the Board finds the appellant has satisfied this burden and a reduction is warranted.

The Board places the most weight on the appellant's documentation disclosing that the subject was purchased in October 2006 for a price of \$375,000. The Board finds the board of review failed to present any evidence to refute the arm's length nature of the sale. Moreover, the board of review's evidence did not address the appellant's market value argument.

Therefore, the Property Tax Appeal Board finds that the subject had a market value of \$375,000 as of January 1, 2006. The Board further finds that the 2006 Illinois Department of Revenue's three-year median level of assessments of 10.12% for Class 2 property shall apply and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
